to be followed **immediately** by

Jumping Phase (40 marks)

NO time will be allowed between sections for any adjustment to tack or rider's dress.

Maximum height of fences:

4 year olds - 0.90m

5 year olds - 1.05m

Fall of horse or rider or a total of 3 refusals will result in elimination. Note:

fence height at Final 1.00m (4 years) and 1.10m (5 years)

Judges are looking for a bold athletic horse with good technique. A horse with these qualities, should not necessarily be penalised for knocking down one fence (or a four-year-old having one refusal), providing they demonstrate they react positively afterwards. Especially in the early part of the season, four-year-olds may find it easier to jump some fences out of trot.

Assessment of individual tasks	Mark
1. Technique The horses desire to be careful over a fence taking into account the natural technique (of limbs and body) appropriate for a world class event horse.	/25
2. Balance Natural balance and general athleticism/agility. (Quickness of the footwork and lightness of landing)	
3. Rideability/Temperament According to the age and stage of training & reaction to the aids	
5. Suitability Suitability, type to include scope and range of movement to indicate potential to be a future world class event horse that is capable of getting the time round a Championship five star track	/15

Immediately after jumping: Potential to Lengthen Stride Phase

In the lengthening of strides in canter, the judges are looking for the qualities in a horse's potential to gallop in the future, with further maturity and development in their training

Potential to lengthen stride Phase Potential & ability to lengthen canter strides with further maturity and development	/5
---	----

Suitability & Type Phase

Judges are looking for horses with the attributes to withstand the demands of the sport in terms of soundness, speed and stamina. Lack of quality and other defects which might indicate limited stamina or speed should be penalised, even though the horse may be a nice dressage or show jumping prospect.

Suitability & Type Horse is put together in such a way that it is going to stand up to the physical demands placed on it for longevity as a potential world class event horse	/20
